Bringing the Water of Life to La Gonave, Haiti

"Plant a Seed ~ Grow a Village"

Fall Newsletter 2007

September 26, 2007

Following is the work we are embarking in the village of Mapou , La Gonave, Haiti.

Our goal is to plant the seeds that will grow a self-sustaining village.

La Gonave is an Island to the west of Port-au-Prince, the capital of Haiti. Mapou has no church,

School, or medical clinic. It is there that we are in the process of building a church/school building (community center) that will serve as all these things. We would also like build an orphanage for abandoned/street children and a cistern that will provide clean water for the people of this village.

In order to accomplish these goals we need your help. The budget for the building of the community center is \$50,000.00 Work has started on the building but is now stalled due to lack of funds. Please join us as we work together to improve the lives of our impoverished brothers and sisters in Haiti through worship, education and healthcare. Any gift you give can make a difference in the lives of these people.

One(1) time gift-----\$2,000.00

Monthly (over 6 months)-----\$ 333.33

Or anything else God lays on your heart

God bless you,

Benis Guerrier, Missionary
